"I had the pleasure of hiring Vicky for a shoot earlier this year. The results were fantastic. She was totally on top of all the details and delivered exactly what the Art Director and I needed throughout the process. The final images were superb and without a doubt a great deal of that was done to Vicky and her ability to solve problems on a tight budget with a crazy short time line. Oh yeah, and her design work is fantastic too." **Alistair Tutton Photography**

"Vicky is absolutely great to work with. First and foremost, she listens. Then she takes that direction and amplifies it with her creativity and technical expertise. The result is an execution that you can clearly recognize your direction/ideas, but it's taken to a place well beyond where you originally imagined it." **Todd Fraipont: Mediaedge:cia**

"Vicky brings an extraordinary amount of talent to each project she undertakes. "I've had the pleasure of working with Vicky for over ten years now and she's always done an amazing job. Besides being a joy to work with, Vicky is a take-charge person who is able to present creative ideas and communicate the benefits. She has successfully run her own business. Helped develop marketing plans for her clients ( in the form of design/marketing ) and I'm sure can lead a very successful campaign for you. I highly recommend Vicky for employment. She is a team player and would make a great asset to any organization." **Gabe Hopkins: Hopkins Photography**

"I can only think of two words to describe Vicky: Rock. Star. Vicky is one of the hardest working people in show business and a great friend to have working on your side. Needless to say that when Vicky is on your team no base is left uncovered, no stone is left unturned and no phone call is left unanswered. Responsive, passionate, prompt, hard-working and intense are only a few of the amazing qualities that Vicky brings to everything she's involved in." **Jeremy Johnson: GlynnDevins**
